TerrSat *Leonardo* MOBI

Portable Automatic Satellite Systems

TerrSat Leonardo Mobi

The new TerrSat Leonardo Mobi offers all the features of our popular TerrSat Leonardo fully installed unit but also has the benefit of being ultra compact and totally portable. These units are ideally suited for 4WD's, any type of RV and recreational campers who don't want to install a fixed unit to a dedicated Caravan or RV. These unique 'auto tracking' satellite antennas are unlike anything else on the market and are exclusive to TerrSat. With an affordable price tag and requiring only a simple DIY set-up the TerrSat Leonardo Mobi sets a new benchmark for mobile satellite antennas.

- Twin LNB for VAST and Foxtel reception
- Australia wide coverage
- Works well even in strong winds
- Compact & lightweight design
- No complicated installation with easy DIY set-up
- Single button operation, just press the power button, and it will find the satellite automatically

Suitable for VAST and Foxtel
